

**ATTORNEY'S AFFIDAVIT IN SUPPORT
OF MOTION TO VACATE PROCESS OF
MARITIME ATTACHMENT**

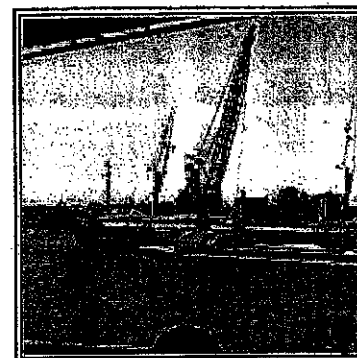

EXHIBIT 7

R.P LOGISTICS PVT. LTD.

Logistics can be considered as a tool for getting resources like products, services and people, where they are needed and when they are desired. It is difficult to accomplish any marketing or manufacturing without logistical support. It involves the integration of information, transportation, inventory, warehousing, material handling and packaging.

Drawing on many years of experience in the Logistics industry, the company has developed its logistic arm to accomplish its marketing ambitions in this short span since inception, we have chartered over 100 ship cargoes varying from Grains, Pulses and Minerals (Iron Ore) to India. We have also developed our own warehousing facilities of approximately 160000 Sq.Ft. of efficiently equipped space adjacent to Port to store Grains and Pulses apart from other non-hazardous cargo.

The Company's upper hand in offering logistic solutions in and around Kolkata is evidenced by the fact that, it is the exclusive figure to transport, store and handle Iron Ore in bulk volume from Kolkata Port.

We also manage a fleet of lightering vessels to overcome the draft restriction of the river channel of Kolkata by lightering at other ports.
